

VISIBILITY. VOICE. VITALITY.

Life Science Washington (LSW) is an independent, non-profit 501(c)(6) trade association serving the life sciences industry in the state of Washington. Our 500+ members include organizations within biotechnology, diagnostics, therapeutics, pharmaceuticals, immunotherapy, digital health/health IT, medical device/technology, biomanufacturing, global health, precision medicine, and more.

ABOUT WASHINGTON'S LIFE SCIENCE INDUSTRY

- Seattle ranked again as the 9th largest life science hub in the nation
- Over \$7B invested over the last three years
- 4 core regional competencies: cellular therapies, AI meets life sciences, ultrasonic imaging, and global health
- Washington's life science industry grew 33.6% from 2015-2021, outpacing both Washington private sector job growth and life science job growth nationally
- Women make up 45% of Washington's life science industry
- 1,100+ life science organizations are located in 136 cities across Washington State

WHO WE ARE

VISION & VOICE

Washington State at the forefront of global life science innovation—driven by a vibrant and connected ecosystem led by Life Science Washington.

We advocate for policies that support a strong and vibrant life science industry.

POLICY & ADVOCACY

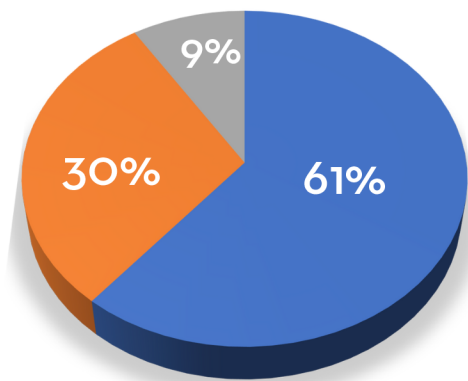

We aggressively advocate for industry-wide policy, tax, and fiscal priorities at the local level and in both Washingtons, driving a business and research environment where the life sciences, biotech, medtech, and digital health sectors can thrive.

ECONOMIC DEVELOPMENT

LSW Institute's programs are available to all entrepreneurs across the state thanks to the support of the federally funded ARC-WA Program and our economic development partners.
