Catalysing private sector investment

What does it mean in Rwanda?

Global Gateway in Rwanda

Production of Pharmaceutical Products & Support to the Health Sector

- Supporting the national regulator to effectively regulate the market and ensure product quality and safety through laboratory equipment provision and capacity building
- Boosting skills and jobs in the pharmaceutical sector and local value chains
- Fostering research and innovation

Agricultural Transformation

- Supporting the development of inclusive and sustainable value chains
- Supporting the construction of the **Kigali Wholesale Market** as a regional distribution hub for fresh produce

Transport

Enhancing transport infrastructure and efficient and safe connectivity as part of the Mombasa-Kisangani transport corridor.

Sustainable Cities

- Upgrading informal settlements in **Kigali**, including measures for flood prevention
- Re-designing and reconstructing the central bus station, creating dedicated bus lanes, and implementing of intelligent traffic systems
- Using smart city tools in **Rwamagana** and **Nyamata**

Energy

Improving access to energy through the construction of low- and medium-voltage networks, rehabilitating and upgrading distribution networks, and supporting the construction of a transmission line to the **Ruzizi III regional hydropower plant**.

Education & Skills

Investing in education, technical and vocational skills: improving access to, and quality of early childhood development by constructing pre-primary classrooms across the country.

Digital

- Digitalising justice services to enhance efficiency
- Upgrading Rwanda's Food And Drugs Authority (FDA) systems to strengthen healthcare
- Investing in digital health solutions like a traceability and verification system
- Implementing innovative digital tools in agriculture
- Exploring potential satellite-related projects, including microsatsellite missions and training
- Advancing green data centres and developing ICT and digital skills to support entrepreneurship and urbanisation
- Fostering digital employment through Hanga Hubs, an open space for young entrepreneurs and innovators

Critical Raw Materials

Promoting Rwanda's efforts in nurturing sustainable and resilient value chains for critical raw materials.

Governance*

- Supporting voices and accountability, democratic participation and civil society, Rule of Law, Human Rights and ending violence against women and girls
- Strengthening economic governance to promote investment and a conducive business environment

Environment

- Supporting the NaturAfrica initiative to conserve key landscapes
- Enhancing integrated water management in the Tanganyika Lake and Kivu Basin

* This domain is outside Global Gateway but complementing engagement under it.
 These outputs provide an overview of the main domains of actions of the EU in the partner country, pursuing a Team Europe approach.
 The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.

Thank you!
