Kenya unrest: the deep economic roots that brought Gen-Z onto the streets

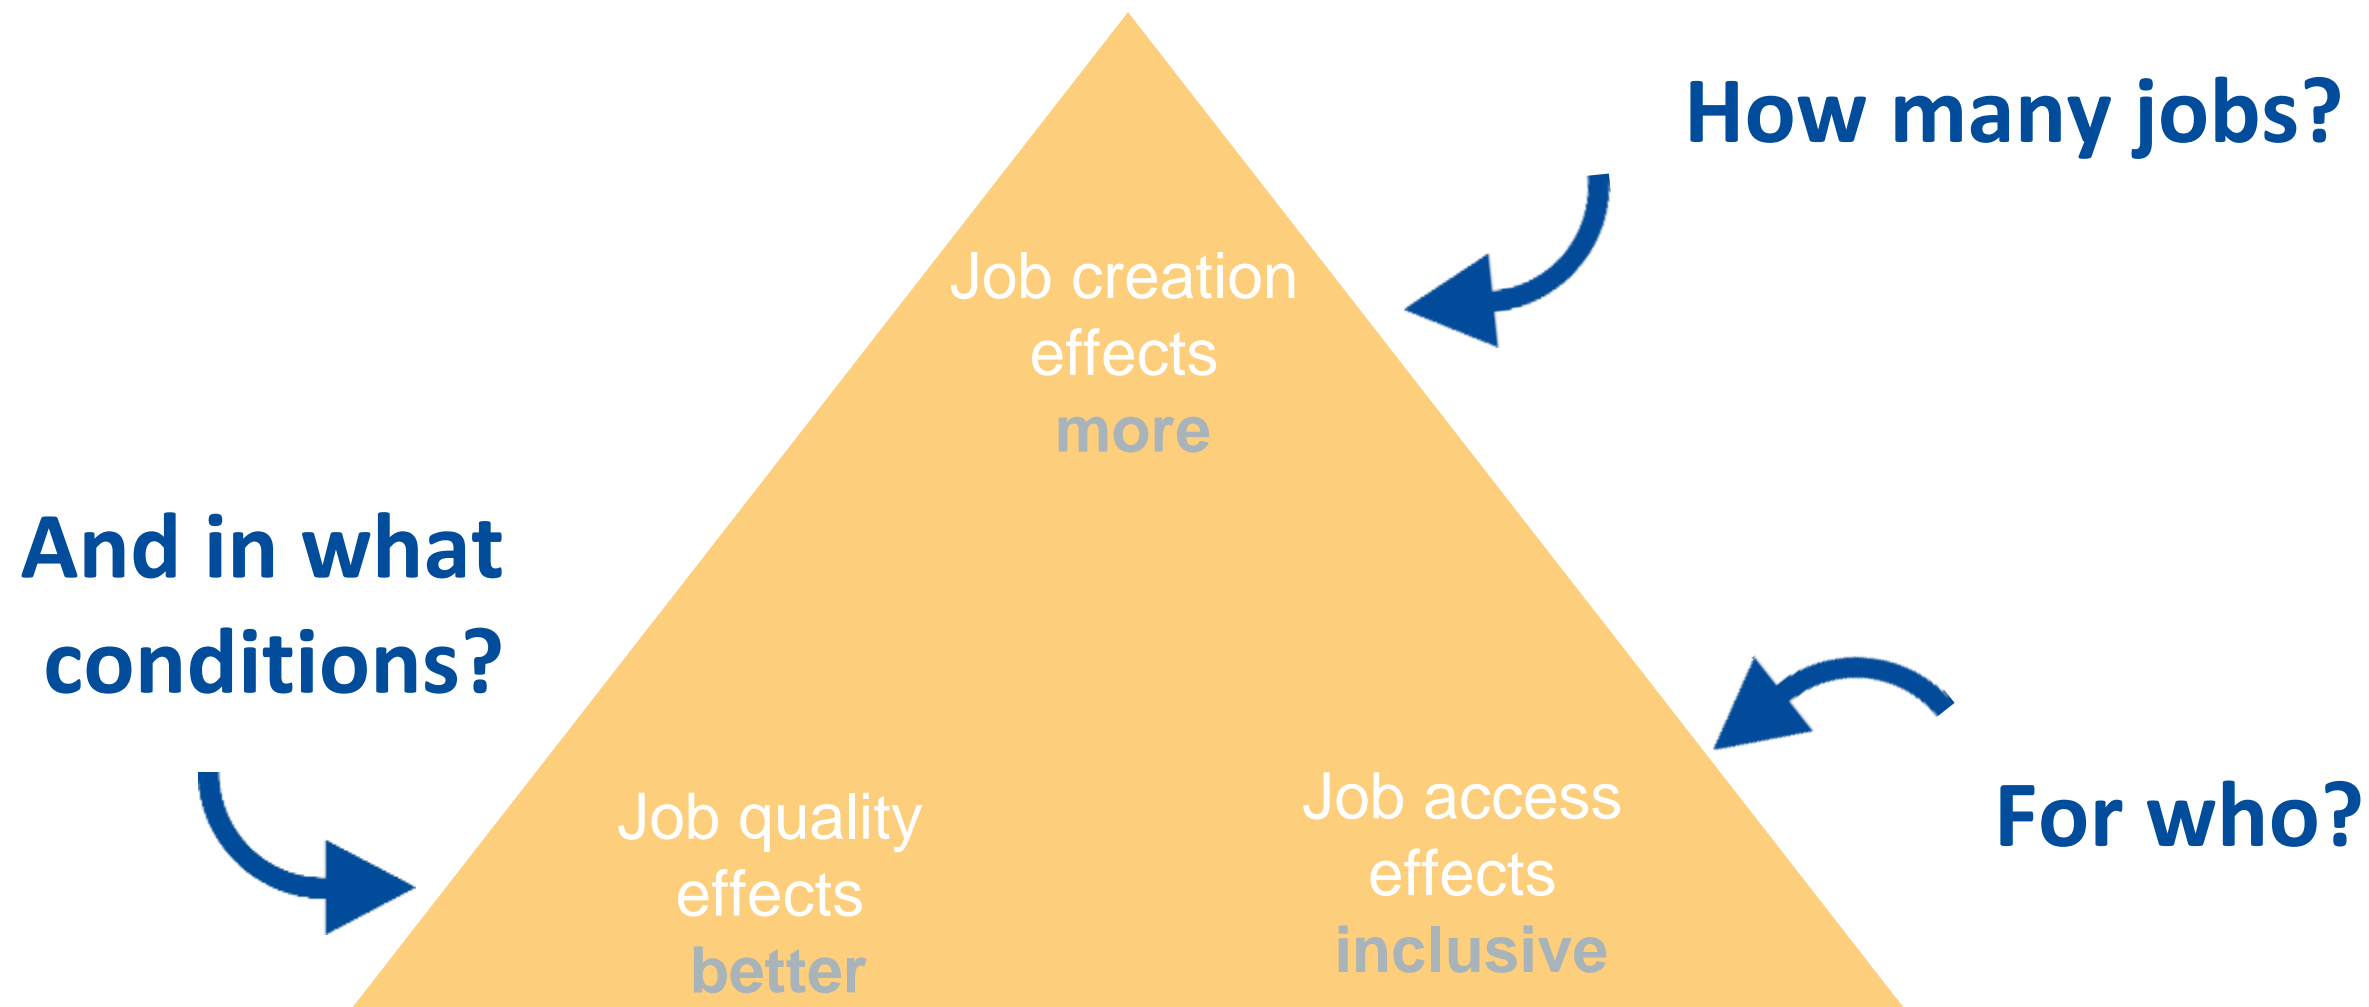

UK jobs market sees worst month in more than a decade

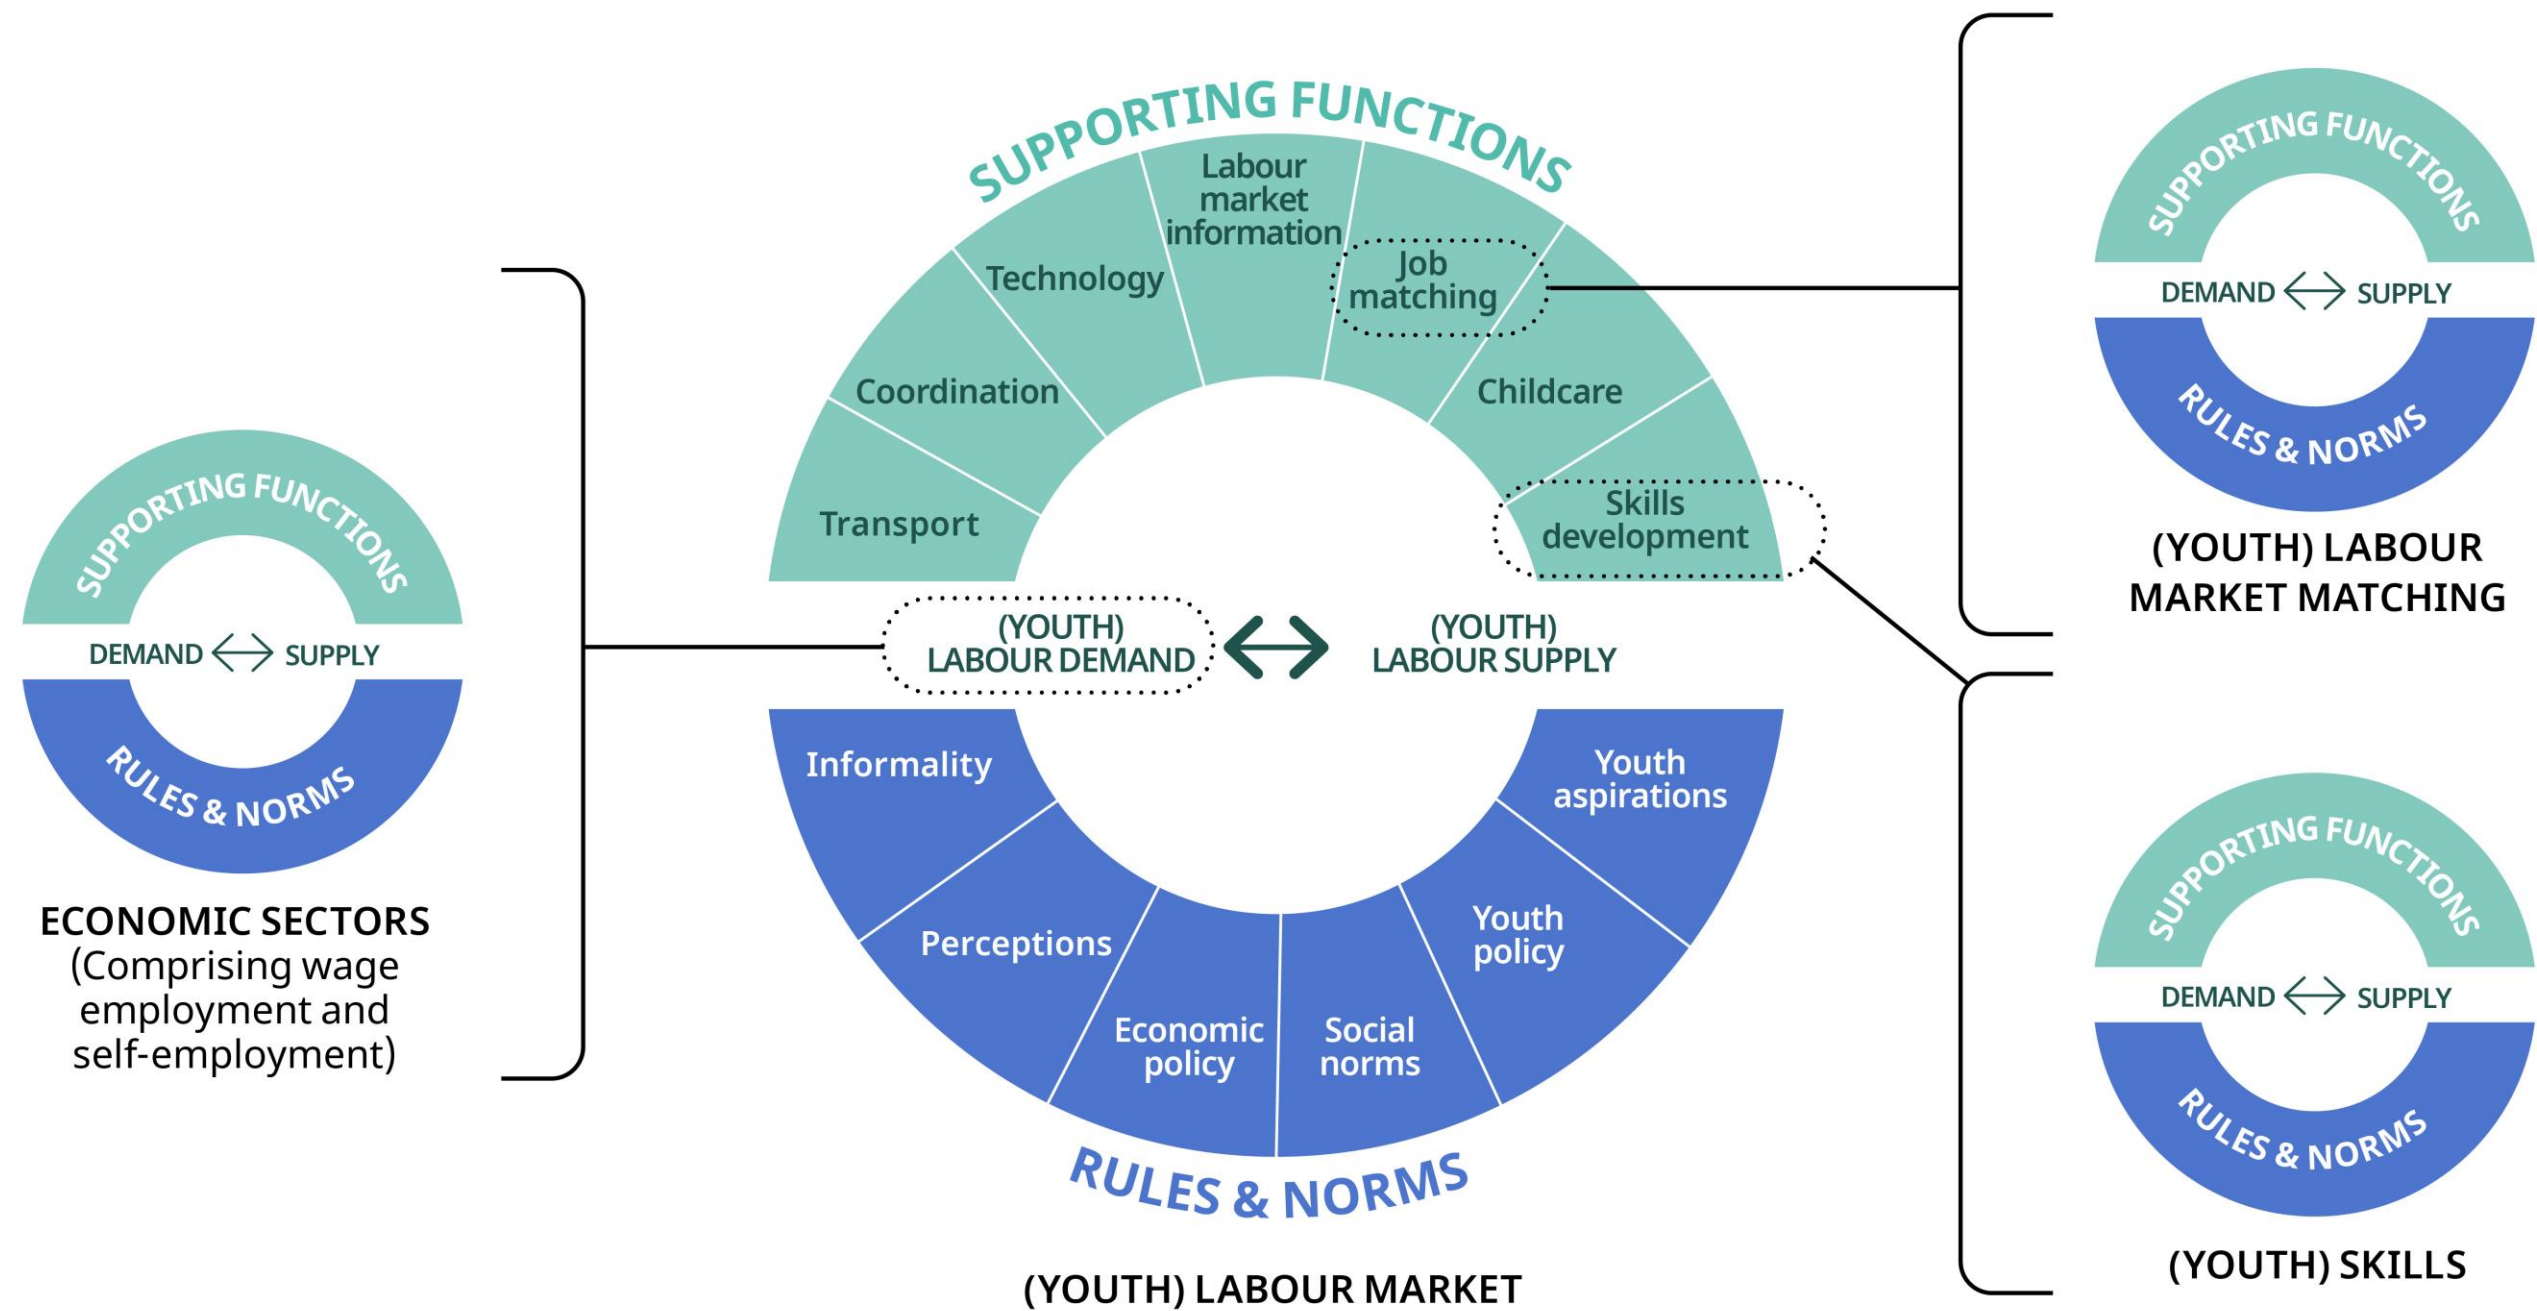

> Employment in “small economic units”

> Jobs: What's the problem?

Rwanda: What working conditions do we see on construction sites?

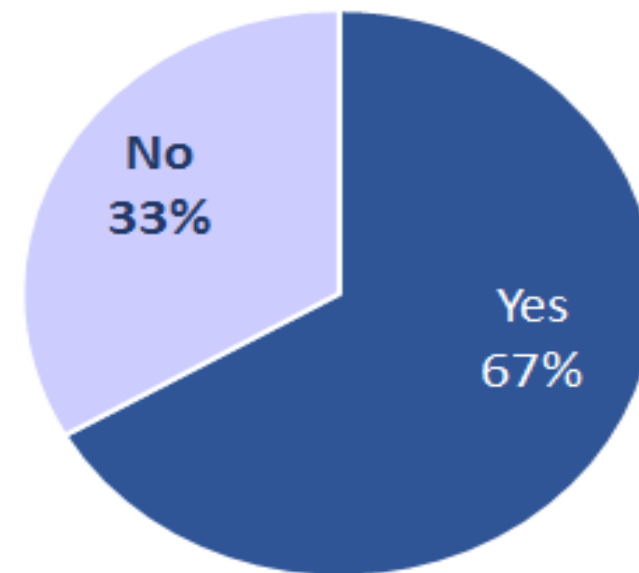

Safety and health:

Precarious sector,

Very limited prevention culture

High accident rates

Do you know anyone who went to the hospital in the last 6 months due to an injury at work?

Have you had any minor injury which caused you to miss some time (even 30 minutes) at work?
