

THE SMART WAY TO BRING AI TO YOUR BOARD

Knowa enhances board security and mitigates key person risk

- Reducing risk of data breaches
- All scheme data stored and discussed in a single, secure environment
- Ensuring knowledge is retained and accessible throughout changes to personnel

Knowa enables high quality governance and General Code compliance whilst also saving time

- Bring governance discussions to life in meetings with live data
- Increase accuracy of logs and registers – no more version control issues
- Take advantage of automations & AI to replace repetitive, manual tasks

Knowa Q's AI revolutionises how you interrogate your Board's history

- Consolidate diverse information into cohesive responses and enhance Board engagement using direct links to source content
- Summarise in seconds complex discussions or lengthy meeting papers that can extend to 100s of pages
- Accelerate minute drafting and approval with Knowa Verse, reducing administrative time

Knowa understands pensions

- 600+ pension scheme clients
- £200bn+ AUM
- 2,000+ Pension Trustee users
- 4,000+ Pension Adviser users

UKPA Technology Innovation of the Year 2020, 2022 & 2024
