

Enhancing Your Data Quality with AI and Clinical Trial Imaging

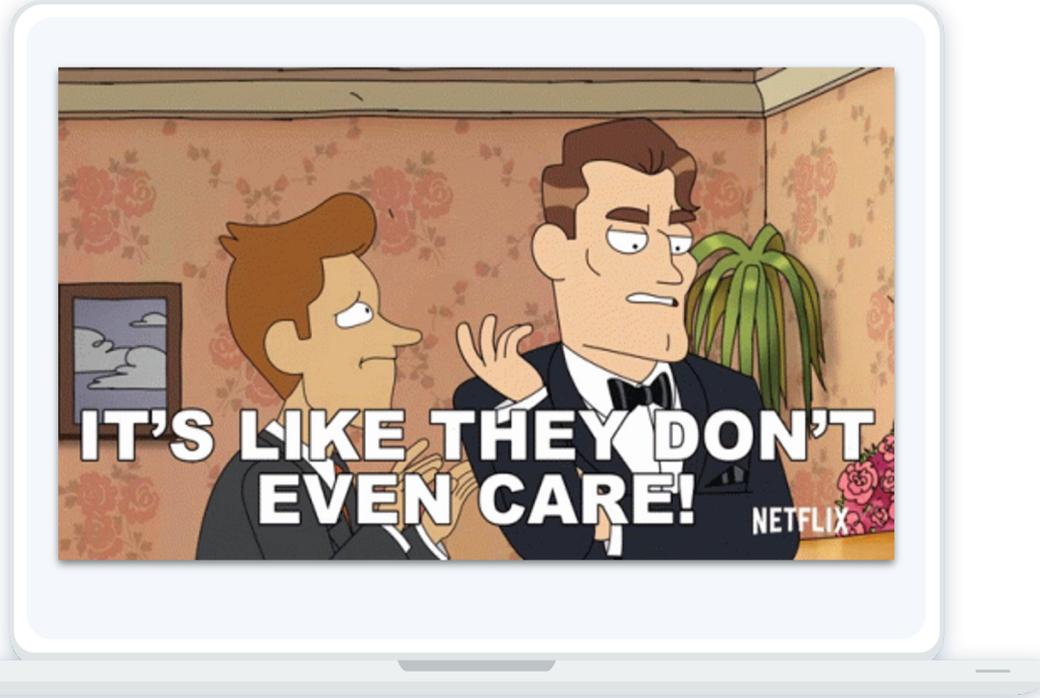

Sarah Westall

Solution Specialist, Medical Imaging
Medidata, Dassault Systemes

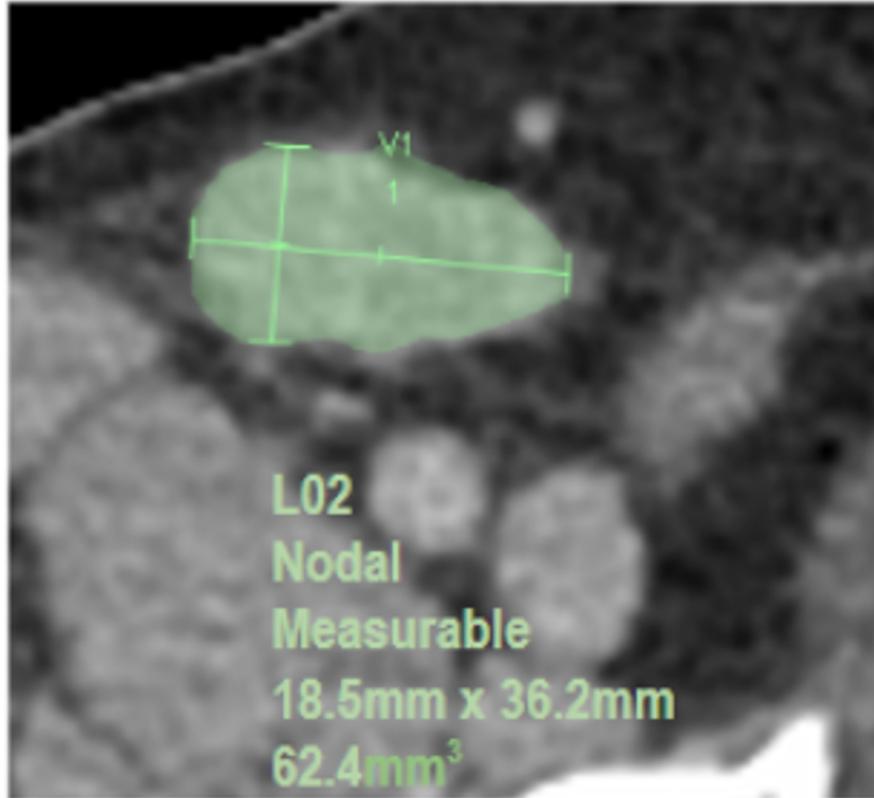

Imaging Plays A **HUGE** Role In Clinical Research

Why Should A Data Manager Care About Imaging & AI?

Why Should A Data Manager Care About Imaging & AI?

Advancement of Imaging & AI

Last time we were together.....

PHI Removal

Automated QC

Lesion
Detection

Current Innovations

Completed QC algorithms

Anatomical coverage for oncology CT scans
Patient verification over time for CT scans

Lesion Detection AI

What's Next....

Bringing It All Together

**Efficiencies
with data collection**

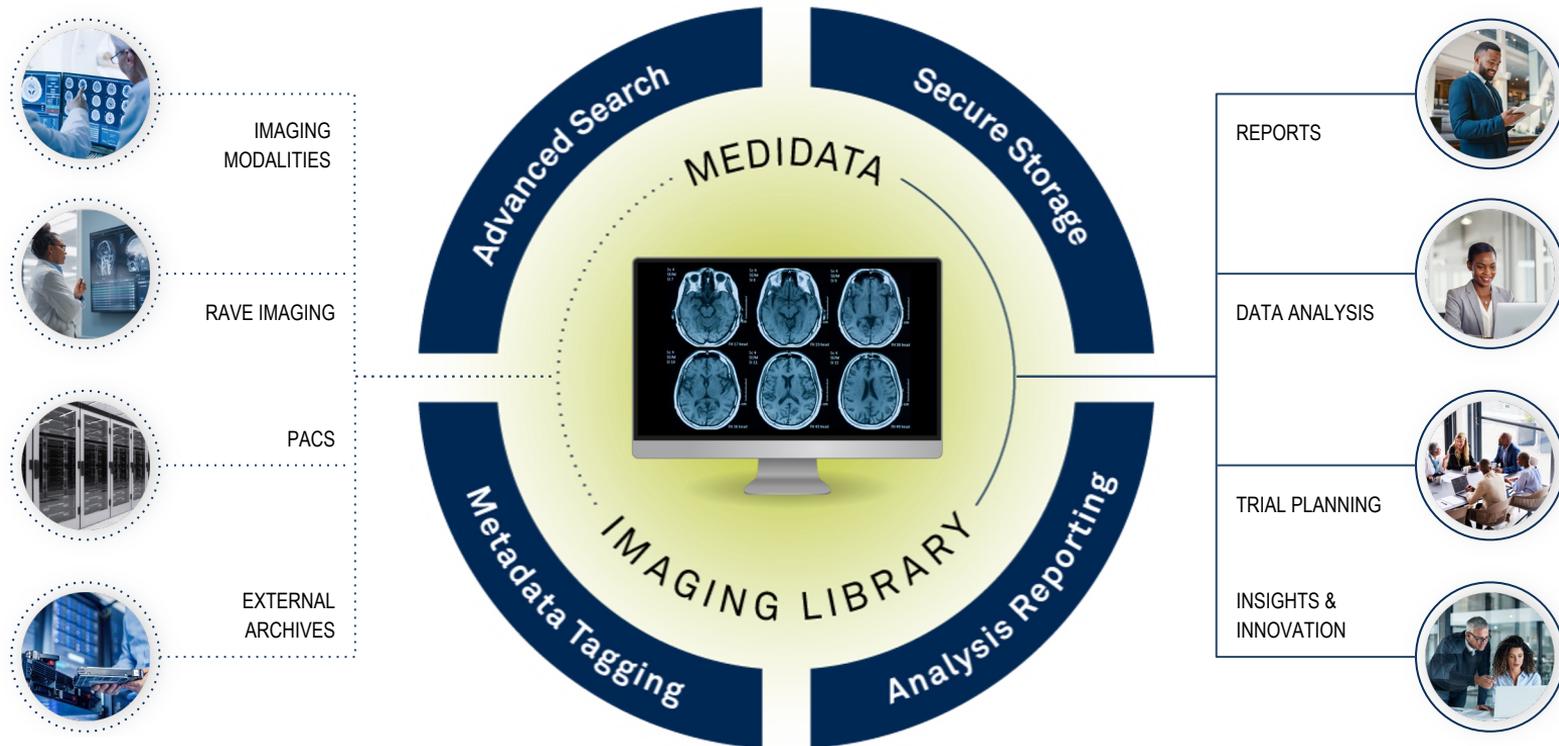

**Increase in
data quality**

**Improved query
management**

Transforming Your Approach to Imaging Data
