

MINI-GRIDS IN MOZAMBIQUE

MINI-GRID PROJECT

- 01 Solar Photovoltaic (PV) mini-grids with Battery Storage (BESS) in the provinces of **Tete, Zambézia, and Niassa.**
- 02 **Project Preparation Facility (PPF):**
 - Site assessments: MIREME (DNE & UIPCE);
 - Technical, Economic and Land access studies: FUNAE
 - Tender preparation and Management: ARENE.

WHY INVEST IN MOZAMBIQUE?

1. Strong off-grid market potential
2. National mini-grid pipeline
3. Government institutional commitment
4. Enabling policy and regulatory framework
5. Development Partners committed to supporting the Mini-grid sector

MINI-GRID PROJECT TENDER PROCESS

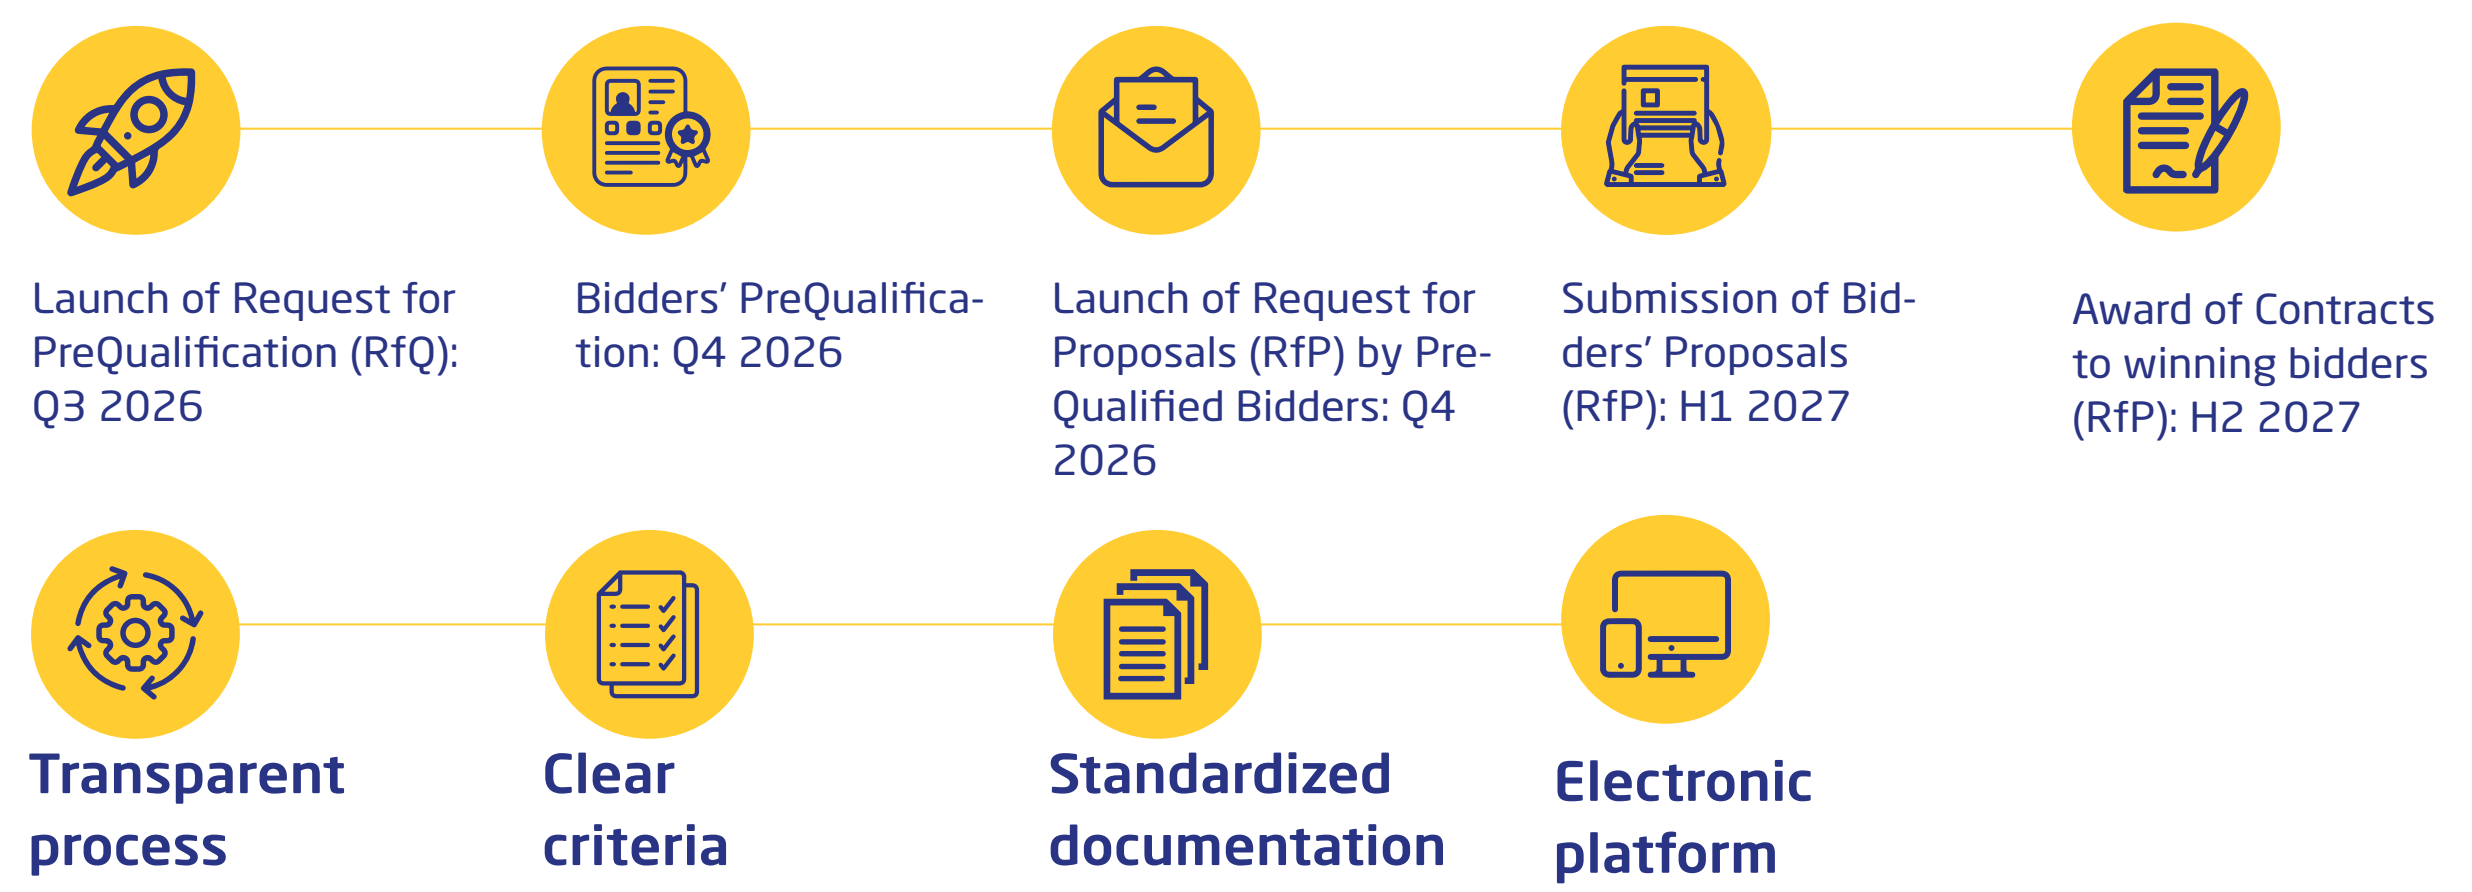

- 2 stage process under the national legal framework, highlighting:
- i. Initial Pre-Qualification (RfQ) of bidders
 - ii. No limit on the number of Pre-Qualified bidders
 - iii. Simplified tender process with clear and straightforward evaluation criteria
 - iv. Electronic and hard-copy proposal submission
 - v. Pre-Qualified bidders will subsequently be invited to submit Technical and Financial Proposals in response to a Request for Proposals (RfP)

03 Key Figures

- 01 Mobilized funding of **~€62 million (€42 million (G-CF-ENABEL) + €20 million (EU))**
- 02 Improved access to basic services (**healthcare, education, water supply**)
- 03 Boost local economic opportunities and trading
- 04 Target sites located near existing Mini-grids developed by FUNAE
- 05 Dedicated Window to Productive Uses of Energy

INDICATIVE TENDER TIMELINE
